Kritika Roy

Senior UI Developer | Frontend Developer | HTML Developer

Kolkata, India | +91 9804926294 | kritika.roy372@gmail.com | linkedin.com/in/kritika-roy-710b5b80 | github.com/DesignerKritika

PROFESSIONAL SUMMARY

Senior UI Developer and Frontend Developer with extensive professional experience delivering responsive, accessible, and high-performance web applications. Specialized in pixel-perfect conversions from Figma and Photoshop to clean semantic HTML5, modern CSS3, and React.js components. Hands-on with Claude Code and OpenAI Codex for AI-accelerated site scaffolding, terminal-based workflows, and precision debugging. Proven track record across 50+ client web projects, with zero layout shift and strict WCAG 2.1 AA compliance. Available immediately for full-time opportunities.

CORE SKILLS

Frontend & Core Web: HTML5 (Semantic & SEO), CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap 5, SASS/SCSS, CSS Grid, Flexbox, GSAP

UI Engineering & Standards: Responsive Web Design, Mobile-First Architecture, Figma to HTML, Photoshop to Clean Code, Pixel-Perfect UI Implementation, Cross-Browser Compatibility, WCAG 2.1 AA Accessibility, Zero Layout Shift (CLS)

AI Tools & Ecosystem: Claude Code CLI, OpenAI Codex, AI-Assisted Web Scaffolding, Prompt Engineering for Code, Deep Layout Debugging, Git, GitHub, Vite, VS Code

PROFESSIONAL EXPERIENCE

Senior Level • Full-time

WebArt Technology Pvt. Ltd. - Senior UI Developer / Frontend Developer

- Engineered high-performance, responsive websites and production-ready frontend interfaces from Figma and Adobe Photoshop designs using semantic HTML5, CSS3, JavaScript, React.js, Bootstrap 5, Tailwind CSS, and SASS/SCSS.
- Built modular, reusable UI components and responsive layouts for desktop, tablet, and mobile breakpoints.
- Used Claude Code CLI and OpenAI Codex for website scaffolding, component generation, prompt-driven code authoring, refactoring, and rapid frontend delivery.
- Diagnosed and resolved CSS specificity conflicts, responsive layout defects, JavaScript DOM issues, cross-browser rendering inconsistencies, and layout shifts.
- Performed responsive and cross-browser testing across Chrome, Safari, Firefox, Edge, desktop, tablet, and mobile devices.
- Collaborated with UI/UX designers, backend developers, and project managers to deliver accessible, maintainable, and user-focused web experiences.

Agency & Client Projects

SDTEAM - Web Designer & Frontend Developer

- Designed, developed, and maintained 50+ responsive websites and landing pages for diverse international clients.
- Translated design references and wireframes into clean, valid, semantic, SEO-friendly, mobile-first web interfaces.
- Delivered UI bug fixes, performance improvements, responsive layout corrections, and cross-browser styling fixes.
- Created interactive UI sections, forms, navigation patterns, product layouts, and reusable frontend page structures.
- Applied AI coding tools and structured prompts to streamline repetitive HTML/CSS authoring and layout debugging.
