PROFESSIONAL EXPERIENCE

WEBART TECHNOLOGY PVT. LTD.

Front-End Developer / UI Developer | Nov 2023 – Sep 2026

- Developed responsive, pixel-perfect and user-focused web interfaces using HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS and SASS/SCSS.
- Created and refined UI designs using Adobe Photoshop based on project requirements and visual direction.
- Converted Figma, Adobe Photoshop and PSD designs into pixel-perfect, responsive and production-ready HTML/CSS interfaces.
- Implemented UI requirements while maintaining visual consistency, usability and responsive behaviour across different screen sizes.
- Built mobile-first layouts for desktop, tablet and mobile devices.
- Created reusable UI components and responsive layouts using Bootstrap Grid, Flexbox, CSS Grid and media queries.
- Implemented interactive UI elements, event-driven behaviours, GSAP animations and UI transitions.
- Updated and enhanced existing website interfaces based on design requirements, feedback and project changes.
- Troubleshoot responsive UI, cross-browser and usability issues and implemented practical front-end solutions.
- Applied semantic HTML, accessibility practices and SEO-friendly markup including appropriate headings, alt text and structured content.
- Optimized HTML, CSS, JavaScript and images to improve front-end performance and page-loading experience.
- Collaborated with designers, developers, project managers and clients to understand requirements, implement feedback and deliver work within timelines.
- Used Git and GitHub for version control and collaborative development.

SDTEAM

Web Designer / UI Developer | 2018 – 2023

- Designed and developed responsive websites using HTML5, CSS3, JavaScript and Bootstrap.
- Created website UI designs in Adobe Photoshop based on project requirements and client direction.
- Converted Photoshop/PSD designs into pixel-perfect and responsive HTML/CSS websites.
- Created responsive layouts for desktop, tablet and mobile devices using Bootstrap, Flexbox and media queries.
- Updated existing website designs and implemented UI improvements based on client requirements and feedback.
- Maintained consistent UI layouts and reusable website sections across multiple client projects.
- Worked with team members and clients to understand design and UI requirements and convert visual concepts into working web interfaces.
- Delivered multiple website design and front-end development projects according to project requirements and timelines.
